

Culinary, Baking and Cake Decorating Summer Activities

Our program offers hands-on fun to all school aged children giving them the opportunity to express themselves creatively in a culinary environment. We incorporate math and science skills and apply them to recipes that we create and enjoy. This program opens up the palate and minds of the students and everyone enjoys the social and culinary skills taught during our activities. Each week we provide different recipes from around the world, plus bread-making, cookies, brownies, pastries, cupcake and cake decorating with homemade Fondant Icing!
